

Dear Sir or Madam,

As future power market design and the vision of a European energy union are currently debated across Europe, the German chapter of the World Energy Council commissioned Prognos AG for a study on the benefits of further European cooperation on power markets.

We cordially invite you to the presentation of the results of the study “**Security of supply: a pan-European approach – The opportunities and requirements regarding greater cooperation across European electricity markets**” and a discussion with energy experts on this topic on

July 1, 2015 | 11 am – 1:30pm

**Permanent Representation of the Federal Republic of Germany to the European Union
8-14, Rue Jacques de Lalaing | 1040 Brussels | Small Room**
